UpdateToR8Lea...

Hi **Deb**.

Attached please find the *Update to the EPA Region 8 Final Lead Action Plan (as of 6/6/18)*. Only sections from the Lead Action Plan with an associated update are included in this document and the updates are highlighted in **YELLOW**. The status of efforts to amplify the Lead Action Plan is also included at the end of this document. Here is the link to the [Final R8 Lead Action Plan](#) for your reference.

Angelique Diaz asked that if Doug is going to say something about the Lead Action Plan during the State Directors Meeting, it's ideal that Darcy be made aware. Angelique had shared the same update information with Darcy to support her State Directors Meeting presentation preparation.

Due to the quick turnaround nature of this update, our Lead Action Team Members have not reviewed the attached document that I compiled from their responses to my request for updates today.

Please let me or any other member of the Lead Action Team know if you have any questions or if we can assist in the preparation of talking points for Doug should he decide to discuss the R8 Lead Action Plan during the State Directors Meeting.

Lead Action Team Members – Thank you for your quick responses!! After looking over the attached document, please let Deb and me know if you have any concerns about how I summarized your update response.

Thank you,

-m
